

WHAT'S IN YOUR CONE?

homemade ice cream made with just four ingredients.

When you start with fresh ingredients you can pronounce, ice cream gets even better. Just add heavy whipping cream, whole milk, sugar, and vanilla extract, then add mix-ins to make it yours.

Basic Vanilla Ice Cream

COLD-BREWED perfection

Why make the switch to cold-brewed coffee? It's smoother, sweeter, and less acidic than hot coffee—and since it starts out cold, adding ice won't water it down. Add a scoop of ice cream or a splash of flavored creamer for an extra-indulgent drink.

A. ICE CREAM MAKER
This compact appliance makes it easy to create your favorite ice cream flavors any time you want. Mix up smooth, decadent, custom-flavored ice cream, custard, frozen yogurt, sorbet, sherbet, and even frozen drinks. Just push a button to set the timer, add your ingredients, and you'll have a frozen treat in 45 minutes or less—you can even peek through the clear lid to see it come together! Cover the bowl with the stretchy silicone lid (included) to store it for later. Makes up to 1 quart of ice cream—or eight 1/2-cup servings. #1538 \$80.00

B. ICE CREAM CAKE PAN
Bake a cake, layer, and serve your own custom ice cream cakes in one easy-to-use pan. The raised ceramic glazer lets you bake and serve—even has a channel to help keep your cake free of melted ice cream. When you're ready to serve, just remove the sides, and store any leftovers using the lid. 10.9" x 5.1" | holds 6 cups. #1551 \$30.00

C. ICE CREAM SANDWICH MAKER
Whip up a batch of your own mix-and-match ice cream sandwiches. Start by baking your favorite cookie or brownie batter in the silicone trays—the wells are just the right size! Then fill the molds with your favorite ice cream, and freeze for sweet, simple summertime treats. Makes six square ice cream sandwiches. #2493 \$20.00

D. COLD BREW PITCHER
Brew, serve, and store your favorite cold-brew coffee in this sleek glass pitcher. Use the metal infuser to create concentrated cold-brew coffee that's rich, smooth, and less acidic than traditional coffee. The plastic insert lets you make your own iced tea and infused water. The silicone sleeve protects your hands from heat and helps you get a better grip while you pour. The lid lets you store brewed drinks for up to a week. Brews 5 cups. #1518 \$10.50

E. SILICONE SPOON MOLD
Make just about anything into a happy, smiling spoon! Add a fun chocolate or cookie spoon to frozen treats, or use a custom candy spoon to stir your favorite summertime drinks. The sturdy base makes it easy to lift and move the tray. Makes 8 long-handled spoons. #1518 \$10.50
